CAN CAN CLUB

@ Es Paradis

Over the past couple of years the island has been gradually moving away from its slave-ish reliance on DJs. It's time for some to look back and learn from the experiences that first brought Ibiza to World attention as a crazy party isle in the early 80s - entertainment, colour, carnival. Manumission have proven that it can work creatively and commercially on a huge scale - with parties that are bigger than anything ever seen before. Now other promotions and clubs are taking note and following their lead - Balearic People @ Privilege was a similarly stylish hit last year, People From Ibiza @ Amnesia has observed the formula... and now THE CAN CAN CLUB at Es Para are determined to bring the Party Vibe to San An. Can Can takes its lead from Baz Luhrmann's Moulin Rouge movie, which likewise was full of contemporary sounds blended to the sexy, sometimes sordid, but always colourful and action-packed style of a century ago. The Es Para soundtrack is funky club dance, with breakdowns for choreographed dance routines from sexy Brazilian girls and French Can Can troupers - dozens of entertainers creating a mad, Latin-influenced fiesta, with La Galaria upstairs hosting the sort of party only the local Spanish can fully appreciate. Part circus, part cabaret, full of fireworks - both real and unreal.

- Puerto Rico 2004: classes with the most recognized dancers in the Salsa world; dancers that work in Broadway and the movies "Dance with me", " Dirty Dancing 2", "The Mask". etc. classes of latin jazz and mambo with Jason Molina, classes of Afro, rumba and mambo with Frankie Martinez, classes of salsa for couples with Luis Vazquez, classes of mambo with Eddie Towers (recognized choreographer of the best salsa singers.
