*It is really hard not to move if you see them in action, their harmony and vigorous choreography will at least put a smile on your face! Since a few months ago, the dynamic VooDoo dancers have come with an energetic dance show call WANTED.*

The WANTED squad is composed of five girls

and one boy and they are absolutely one of the most energetic and daring dance groups on island. This vibrant group offers live entertainment that's worth seeing. "The idea was to use the talent of each dancer and let them come to their maximum potential in what they are good at; the result is a unique and special show," accomplished dancer and leader of the group, Paula Doño de Daal said to O&A.

"When a client asked me for a hot and original show, I saw the opportunity to create a show I get pleasure from and with music that I enjoy. I put in all my creativity! I like the challenge to do something different. I also like the fact that I did not have to think about the typical show where they want ladies with feathers, bikinis and carnival attire. I think our success with this show is because we are all truly

passionate about dance, art and music and we have fun when we perform!" adds the always smiling, Argentinean born dancer.

In the team there are talented gymnasts, a brilliant roller skater and experienced, skilled dancers. In about 50 minutes, spectators can listen to an eclectic combination of music from Madonna, Lady Gaga, Michael Jackson and Metalika,

among others.

"I want to express my sincere gratefulness to Marci and Marci's Mega Gym. Marci has always been a tremendous support and without her, this would not be possible," said the enthusiastic group leader. The VooDoo dancers are also gracing stages with other bubbly choreographies at Princess Casino on Wednesdays and Saturdays at 10:30pm and on

Fridays at Casino Royale at 10:00pm.

*Group members bring on the stage not only their talented moving abilities but also their energy, smiles, culture and great crowd interaction. The multicultural dance group and its show WANTED can be seen every Tuesday at Casino Royale at 10:00pm sharp.*
